

KULSEN & HENNIG DOMINIK KULSEN Nature's Brilliant Colours

Winter greetings

12/2019

Dear Clients and Readers, Dear Friends

As 2019 draws to an end, we would like to take this opportunity to thank you once again for our successful collaboration during the past year. We would also like to thank you for the trust you place in our work and in our Natural Fancy Coloured Diamonds, which we always select with the greatest care and passion for you.

Wishing you a strong finish for these last few weeks of the year, a very happy holiday season, and all the best for the New Year 2020!

Your Dominik Kulsen AG and Kulsen & Hennig GbR Teams

A Matter of Honour

Our Natural Fancy Coloured Diamonds have already travelled a long way before we are able to present them to you. Many of our stones find their way to us via India. Since we are often personally on site, we feel it is important for us to do something for this wonderful country.

If you follow our newsletters regularly, you are already familiar with a very special organisation in South India and know that every year we donate to the [Regenboog India Foundation](#).

This Indian foundation is responsible for implementing and managing local development projects in South India for its partner organisation, the [Arunachala Rising Sun \(ARS\) Association](#), a Swiss charity.

The heart of the foundation is its Mobile Library, which consists of a small, specially outfitted truck that takes several thousand books to the surrounding villages and evening schools. Books, which are usually unaffordable and rare luxuries, especially for poor families and their children, are now brought directly to children who otherwise would not have access to reading material and an opportunity to learn through books.

This year we would like to share some great news with you:

The Mobile Library has been so successful that it reached its capacity limits. Instead of converting a second delivery truck, however, the [Regenboog India Foundation](#) has decided to outfit two motorcycles. The Motor Cycle Library is now able to transport dozens of books to smaller schools, significantly increasing the total number of schools serviced!

Every year, ARS sells a photographic calendar containing beautiful pictures that provide insight into the everyday lives of the people involved in the projects. Every calendar ordered is a double gift: one for the viewer of the pictures and a second for the teams working on the development projects. All proceeds from the calendar sales flow directly back to fund the local projects.

A preview of all the calendar pictures can be found at www.arunachala-rising-sun.ch

You can also order the calendar directly from us at Dominik Kulsen AG (Winterthur) or Kulsen & Hennig GbR (Berlin)!

Next year we will once again be exhibiting at INHORGENTA MUNICH!

We look forward to seeing you there!

You will receive our next newsletter in time for INHORGENTA MUNICH. You can find all our previously published newsletters in our [newsletter archive](#) on our website.
